

**DENBOW**  
innovating naturally

## SERVICE COMMITMENT

You can expect excellence from Denbow:

- we deliver on the scheduled day, with a reminder call the day before
- we value our clients comments
- we take bio-security seriously and do not haul poultry litter in our trucks
- our team strives for a safe work environment
- our main phone line is answered live 24-hours a day
- a fantastic team of professional, courteous people here to serve you!

We love what we do and the people we serve.

*"We choose Denbow because of their superior product, reliable delivery, and they do a great job overall. They have great staff, they do a great job without my supervision, and they take biosecurity seriously. I usually make arrangements by e-mail which is very convenient for me and they always reply in a timely manner. Keep up the great service!"*  
Chris den Hertog Trine Enterprises

*"We have had nothing but great customer service at Denbow. We have been customers for several years and have never experienced any problems. From the office staff to the drivers everybody goes above and beyond to make sure your shaving and hog fuel supplies are accommodated...even at the last minute."*

# POULTRY BEDDING

Denbow has been delivering quality animal bedding with exceptional customer service to Fraser Valley farmers and producers for over twenty-five years.

Denbow has built relationships with Coastal Mills as well as Interior Mills in order to assure a consistent and quality supply of sawdust year round.

**Coastal Sawdust** is produced locally and is the most popular sawdust/shaving we deliver and install. It is bright, great smelling, lightweight and soft; making it more comfortable for your poultry. This is an excellent choice for urine and ammonia absorption, odour and fly control. Because it is produced locally it makes it more economical. It is a mix of Cypress, Hemlock, Fir, and Cedar.

**Interior Sawdust** is sawdust from the interior. It consists of Spruce, Pine and Fir. The benefits of this sawdust are the same as coastal but this is drier sawdust.

Delivery is available in various quantities and in bulk push-out delivery or blown directly into barns and other areas.
